

## WEBTEAM REPORT

The meeting list, both online and PDF, were revised 3 times in September.

---

The website has been backed up off-site again, a cautionary measure.

---

The team discussed the possibility of billboards, Facebook ads and Google Words to attract newcomers.

---

A member pointed out that oa.org's listing for our intergroup has a great many inaccuracies. The team decided to send a special mailing to urge groups to update their listings on oa.org.

---

More and more the Web Team and Newsletter Team are working together toward a more cohesive online presence.
